

Congresswoman Gabrielle Giffords and Pima County Public Library  
presents

## **Solar Power 101**

### **A Community Education Series on Solar Energy**

#### **U.S. Department of the Interior, Bureau of Land Management**

The Interior Department announced in July that it will designate 676,000 acres of land managed by the Bureau of Land Management in six Western states as Solar Energy Study Areas. These areas, with 16,500 acres potential in Arizona, will serve as prime zones for the development of large-scale solar energy projects.

#### **Tucson Electric Power**

TEP has been moving ahead this fall in solar energy. Come hear about their new "Bright Tucson Community Solar Program" that allows customers to purchase solar power from a large system, their high school classroom program with Tucson Unified School District, and other solar projects in the region.

#### **Solar Power for the Home - Getting Started**

The basics of solar energy residential systems.

**Thursday, November 12, 2009, 6-8 p.m.**

#### **Martha Cooper Branch Library**

1377 N. Catalina Avenue, Tucson

Near Columbus and Speedway Blvd.

Space is limited for this presentation

Please RSVP by Tuesday, November 10: [RSVPsolar@mail.house.gov](mailto:RSVPsolar@mail.house.gov) or (520) 881-3588
